**DECLARATION OF CONFORMITY REACH  
REGULATION 1907/2006/EC - OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**

By means of this letter we inform you that, with reference to the above mentioned regulation concerning **"Registration, Evaluation, Authorisation and Restriction of Chemical Substances (REACH)"** the materials for the production of our pens are not subject to pre-registration and/ or registration. In this sense we have suitable documentation of our suppliers who, under their own responsibility, certify that the appropriate checks are carried out regarding the correct application of the current standard.

We also declare that the documentation of our suppliers certifies that the substances listed in the **"Candidate List of Substances of Very High Concern for Authorisation (SVHC)"** of the Reach Regulation (last update 17/01/2023 published in accordance with Article 59 paragraph 10 of the REACH Regulation) are not used in the production of products purchased by us and that the possible presence of such substances, due to the composition of the raw materials used, largely respects the limit imposed by the legislation itself.

Yours faithfully,

Andrea Mori  
CEO
